Subject: Blessed New Year

Thanks for standing with us this year as we have been able to continue our counseling ministry to missionaries and international Christian workers.

Thanks also for praying and encouraging us the last month and a half while I have been struggling with this -still unknown- health issue. We hope that there will be a identification and resolution of it soon.

God is good.

Love, Lee and Carolyn Baas

*And we know that all
things work together for
good to them that love
God, to them who are
the called according to
his purpose.*
