Dear Brink Prayer Team,

\*Tuesday Marcy will begin counseling a university student who has a very troubled childhood and recently tried to commit suicide. Please pray with us that God will give Marcy the words to use and that He will heal this young woman.

\*We have had a great start to the new year at the University! Please pray with us for the bible studies taking place on campus and for the new friendships we have made with students.

\*Thank God for the professors who have befriended Jason and also invited him into their classroom.

Thanks for praying with us!

Jason and Marcy
