

The Mission Committee, Immanuel Christian Reform Church(ICRC)

Dear Brethren,

I send you warm Easter Greetings and sincere best wishes from our school community(Gifts of Hope) and my family. I hope this email finds you well as you celebrate this unprecedented event of our faith. Please pass it on to your congregation.

Beloved, thank you very kindly for all your support to the school in Kakata and to my family. Your prayers, financial support, and all you do for us are greatly appreciated. Thanks for allowing God to use you as channels of such blessings to the Liberian children, God's image bearers. And to God be all the glory for great things He has done!

Gifts of Hope community School is now in the 8th month of official operation. Over 150 kids are in school, most of them for the first time. Our official closing date is June 29,2019; it will be a wonderful event, as 25 k-II students will graduate to first grade and over 100 others will advance to various grades. Generally, things are going well with the school, and everyone is doing their part, teaching or otherwise, to reach our goal of "Building Mind And Heart Together", as our motto says.

I am pleased to report two important visits to our school in February and March. First, we had Brother Ron Rosema spend a week with us in February. He was busy finding out current needs of the school and future development priorities. At a colorful ceremony, he (Ron) dedicated the hand pump for the school before his departure. Second, the school was also blessed to have Dr. Ron Sjoerdsma visit as

well(March 14 -18). He spent some time training our teachers and working with them in the classroom. The teachers were introduced to using white-board, which is a good tool for assessing learning and getting feedback.

Again, thank you for all you do for my family. We are all well and having a wonderful Easter time. Please continue to pray for us. Grace is writing the National Exam beginning next week. Passing it is a requirement here for high school graduation and entering college. Please pray for her.

Our love and blessings to you and the ICRC family. I have attached some pictures.
