Dear Brink Prayer Team,

*Praise God for a great start to the new school year at the University of San Carlos! More details to come....

*Praise God that Marcy and I had a good first counseling session with the student we wrote about previously. We will continue to meet with him and pray for God's healing.

*Please pray for the women's shelter. The current social worker has been doing a great job, but she has accepted a different position. Please pray with us as we seek a new person for this important role.

Thanks for praying with us!

Dear Brink Prayer Team,

*Praise God with us that the women's shelter that Marcy works at has hired a new director!

*Wednesday at approximately 11 AM Eastern, Marcy and I have a joint counseling session with a university student that could be very challenging. Please pray with us that we can facilitate what the Lord wants to accomplish.

Thanks for praying with us!

Jason and Marcy
