Dear Brink Prayer Team,

*Gracie has made good progress in her rehabilitation, spending 2 hours a day with Marcy leading her in therapy. This morning they met with Gracie's surgeon who removed her cast, put her in a walking boot, and assigned new physical therapy. Please pray that Gracie will continue to heal, that her pain levels would be manageable and that she would be able to return to normal walking and running activities in the coming months.

*The new university school year has started in Guatemala. Today is our first English ministry meeting. We've been praying for and promoting among the university students. Please pray with us that:

- We will have a fantastic turnout today for our first gathering – 1:30 PM Eastern time.
- The Lord will provide a larger team of student leaders to participate in this specific ministry.
- The Lord will provide additional native English speakers to help with the ministry.
- The Lord will guide our speech and activities today so that he would be glorified.

Thanks for praying with us!

Jason and Marcy
